This WHISKEY is A made in the old fashioned copper still, by double distillation, just beyond the summit of the Blue Ridge, in Warren county, Va., near the line of Fauquier, where the softness and purity of the mountain spring water, and the quality of the rye, con-stitute important elements in making the Whiskey for which this locality has been long celebrated. It is perfectly pure, beyond all doubt, being made exclusively of rye, hops, and barley-malt, with the atmost care. The quantity made is limited, and bought principally for private use, by gentlemen connoissieurs in the surrounding counties, who are critically nice in laying by a stock for improvement. A small consignment has lately been made to MARSHALL & WARD, of Alexandria; or it can he procured direct, through correspondence with DR. FISHER, of Linden, Warren County, Va.

nessed the performance of this horse at the United States Fair, in Richtmond, and the Virginia State Fair at Petersburg, writes of him thus: "But one of the very best saddle horses we have ever seen, was the superb dark buy stallion exhibited by N. Berkeley, esq., of London county, Va. He was of the Telegraph breed, or, as it is most familiarly known in Maryland, the "Tom" breed certainly the best breed altogether for saddle horses of easy, yet rapid gait, in this country; and particularly adapted, by their kind and gentle dispositions, to ladies use. We watched the rapid pace of Mr. Berkeley's stallion, and his sure and irm, but easy gait, as he was repeatedly ridden around the ring, with the same admiration which all who witnessed the performance warmly expressed, and felt fully justified in the preference we have always felt for the admirable breed for the saddle. There are two gentlemen in Baltimore county, whose stock of Tom horses are particularly

large and vory desirable, as the stallion exhibited by Mr. Berkeley." TOM G. is a rich bay, 16 hands 1 inch high, of strong bone, great muscle, and superior action; was sired by Rogers' Tom Telegraph, and out of a famous Jack O'Dismond saddle mare. His colts are without a single exception, bays, and of fine size. He will commence the season at my stable on Mon-day. April 4th, and continue there one week. THENNESSEE LAND FOR SALE .- I offer for sale my landed estate, lying near McMinnville, Warren county, Tennessee, containing SIX THOUSAND NINE HUNDRED AND FOUR ACITES by a recent survey. It lies at the foot of the Cumberland Mountains, nine miles from Me-Minnville, on the Stage road leading to Nashville, 60 miles distant, and 7 miles from a Railroad De pot. The surface is gently rolling and covered with oak, poplar, hickory, and walnut, producing mast in abundance. A never failing creek run through the whole tract, and in addition, there are about 25 fine Springs of pure freestone water. The soil is good -produces corn, outs, wheat, toco, &c. The wheat raised upon it has weighed as high as 70 fbs, to the bushel. and herd grass are also produced in great abundance, without either guano or plaster. The grass natural to the soil, is in great quantities every where through the forests, from the first of April until November, enough for a thousand head of cattle, and ten thousand head of sheep. Any quantity of hogs can be raised at a very cost from the must, which lasts from October until June. About 900 ACRES OF LAND is cleared,

with cabins for tenants, and the DWEL LING is handsomely built, with 8 or 10 rooms, good stables, &c. Society is good, equal-ling that of any neighborhood in Virginia. The Southern University under the auspices of the Episcopal Church, is 40 miles distant, and the celebrated Watering-place Bersheba only 27. Mills churches, and common schools are convenient and numerous. The climate is very mild during winter, and free from excessive heat in summer. atmosphere is dry and clear of moisture or humid ty from the elevation of the country-making i all that persons of weak lungs could ask.
